

NEW PRODUCT

For Serial ATA Interface

HAS CONNECTOR Socket/Side type

1.27mm Pitch

This connector is the socket (22 circuits ; Signal: 7 circuits, Power: 15circuits) to correspond to the 2.5 HDD that complies with Serial ATA standard.

■ Features

● **With Reinforcement Tabs**

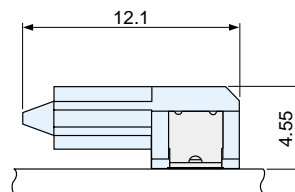

The reinforcement tab of this connector is designed with a gull wing type solder tail, for its stronger peel strength from PC board.

● **Corresponding to an Automatic Mounting on the PC board**

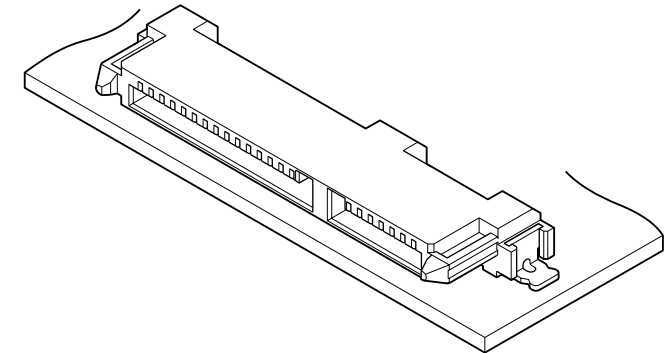

This connector is supplied the tray that is corresponded to an Automatic Mounting on the PC board.

● **Complying with Serial ATA standard**

This connector complies with Serial ATA standard.

JST

■ Specifications

- Current rating : 1.5A AC,DC
- Voltage rating : 30 V AC,DC
- Temperature range : — 40 °C to +105 °C (including temperature rise in applying electrical current)
- Insulation resistance : 1,000 M Ω min.
- Withstanding voltage : AC 500V / 1 minute
- No. of Circuits : 22 circuits
- Direction of entry : Side entry
- Product Number : HAS1-22SB00-51K
